RESIDENTS ENJOY

Our residents enjoy a richer quality of life because we make available strength and balance exercises. We can achieve optimal health through activities, wellness, and fitness, specifically tailored to our Geneva Suites community. Music therapy is utilized to restore and maintain the residents health as well as help them recall memories and fight depression.

WE BELIEVE

The Geneva Suites believes in a small, family setting, which is why we limit each home to a maximum of six residents. Our person-centered approach to providing care fosters health and well-being by embracing the personal preferences of each of our residents. Individual tastes are taken into account in how we approach care plans, select nutritional menus, promote engagement in activities, and assist residents in designing their bedroom utilizing the furnishings that they treasure. The Geneva Suites is a private home where communal mealtime is shared and encouraged. Our fun, engaging, and interactive daily activities promote a sense of family, so your loved one can feel included. **We look forward to introducing our family to yours!**

WE COMMUNICATE

The Geneva Suites clearly communicates in advance our services and associated fees. There are **No Surprise Bills** and all of our services are included. Additionally, our **Guaranteed Pricing For Life™** is clearly agreed to and will not change for the life of the resident.*
